Crafty Cooking Kits

Family time in the kitchen is a fabulous way to stay connected and have fun together. These Crafty Cooking Kits are easy to use, educational and creative - the perfect mix!

Each kit includes the dry mix, pan, cookie cutters, icings, decorations, and easy to follow, interactive instructions. The only ingredients you need to add are basic ones like eggs, water or oil.

Whether it's a seasonal one like fun Halloween brownies, yummy cookies like Paint Your Own Animal, or the

extra-special silicone cupped deluxe kits such as the Ice Cream Cone Cupcake Kit, your family will have a deliciously good time together.

Hershey's Drops

Hitting store shelves across Canada, new Hershey's Drops are bite sized delicious chocolates with no candy shell --making them the perfect, mouthwatering, no mess treat. Designed specifically for the Canadian palate, these little drops of happiness come in two household favourites, Hershey's Cookies n' Cr me and Hershey's Milk Chocolate.

Whether you're hosting a dinner party, enjoying a night in with the kids or craving an afternoon chocolate treat, new Hershey's Drops are great for snacking and sharing on any occasion!

**Editor's Note: Hershey's Drops are seriously yummy. Seriously. I opened a bag for the family to enjoy, and within minutes it was devoured!*
